Introduction

This fixture tests `content: leader(dotted)` inside a margin box. The top-right header should display the chapter title, a dot leader filling the available space, and the page number.

Filler paragraph to ensure content flows onto a second page. The leader must appear on every page with the correct chapter title and page number.

More filler text to push content to page 2. Lorem ipsum dolor sit amet, consectetur adipiscing elit.

Additional content to ensure page break occurs.

Even more content for the second page test.

Conclusion

Second chapter. The top-right should now show "Conclusion" followed by the leader and the current page number.
